

Submitter: Scott Murdock

On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire

Measure: SB1590

I oppose SB1590 and the 1-Amendment.

The amendment is an attempt to suggest that the proponents of the bill are compromising.

The weight limit of 5500 pounds in SB1589 was the result of an amendment and a compromise in that legislature. The compromise ALREADY happened.

To suggest 10,000 pounds, nearly double the current weight limit, as a compromise is incomprehensible.

The Newberg Pool is naturally defined, it is a pool created by the dam at Oregon City.

To arbitrarily change its boundary, to abandon all rules doesn't make sense either.

Please don't cave in to an amendment. A wolf in sheep's clothing.

Vote No on SB1590 and it's amendment.
