Measure: HJR201

I oppose this, raising taxes more than they already are will hurt many people. Seniors, disabled people, first time buyers. Young people can barely afford homes, the interest rates and inflation has hurt everyone. Please stop the bleeding of taxing us. As a home owner who is aging and on a fixed income, if the taxes go up possibly 300 to 500 dollars a year, it will make it so I have to make hard choices. Keep a home, food, carry less insurance. Please do not allow this to pass.

Thank you
