

Submitter: Rodney John Tombleson
On Behalf Of: Self
Committee: Senate Committee On Education
Measure: SB1583

Thank you for your service to Oregon citizens and constitution.

It is local citizens who vote for school boards. They are responsible to those citizens. They should be the ones to choose curricula and books. You are legislators, you are not our school board.

Have some respect for our choices as citizens, and school boards. Please stop SB1583. It is a veiled attempt to wrest control of our local schools from local boards and citizens. Placing more control in the hands of far away bureaucrats in Salem is not a responsible use of our time and money, and it is abusive to our children.

Why is this proposal declaring an emergency? That's just another political ploy.

We see through this.

Defeat this bill, please.

Thank you.
