

Submitter: Andrew Panther  
On Behalf Of: Citizens  
Committee: House Committee On Rules  
Measure: HJR201

How many times can you tax a dollar?! In the current times and hardship's, inflation is up, all utilities insurance groceries medication fuel. Oregon once was a great place to live. This state keeps adding tax after tax after tax and you all think that's going to solve the problem. Unfortunately there is no accountability in this states government. When you keep taking money from the citizens and they are unable to get basic necessities they will find other usually criminal ways to get what they need. From what I have seen over the years now is this state demands more money with no intention on spending it on what it was intended for. Salem roads are trashed business are closing up! What happened to all the money for the homeless just lined someone's pocket? I think all the Oregonians have had enough of getting raked over the coals. Life is plenty hard. You don't need to help it.
