

Submitter: Geoffrey McCarthy

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB1583

We oppose this bill because no child would be harmed without it! Currently school boards can and should respond to parental objections to teaching materials, teacher bias, etc. If passed, parents lose authority to the all-knowing State. The state does NOT know it all, and much of Oregon education has been captured by far-left propagandists. Leave our kids and school boards alone!!!!!!!!!!
