

Submitter: Dianna Middleton

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR201

Please do not pass HJR 201 to allow Oregon...the State of Oregon to take control of assessing property taxes. This is a bad idea and the current assessment of property taxes should not be changed. It should continue AS IS at THE LOCAL, county or city level where it can be assessed by those with knowledge of land values. It could increase homelessness for those with limited and fixed incomes.

I oppose the HJR 201 and ask that You oppose this measure also. Thank you.
