

Submitter: David Pedersen  
On Behalf Of:  
Committee: Joint Committee On Transportation  
Measure: SB1572

As a Canadian clean-air advocate and public-transit enthusiast who recently traveled through Oregon, I urge the members of the committee and legislature to vote in favour of this important bill. Expanding light rail is a critical, economically-sensible, and easy step to improving air quality, reducing climate impacts, protecting biodiversity, and improving transportation equality and accessibility.

Thank you.
