I am supposed to the bill HJR 201

I am supposed to the bill that will remove my property taxes out of the control of my city. I have worked very hard for the property I am currently buying. I am already on a tight budget and would be put under great stress if my property taxes continue to rise, with no limits! In my opinion this is why we have a homeless problem! Not to mention the homeless has better benefits than I do! That's why they flock to Oregon! It makes a difficult decision easier as the madness continues. Please reconsider the citizens of Oregon more than your love of power and control!! And our money!!
