In the midst of so many people struggling to make ends meet you propose to allow the state legislature to potentially raise high our property taxes? No. Not wise—would go down in flames anyway at the election! Think better: how else could we raise the money we need for the state? Higher taxes on luxury goods or unhealthy drinks or recreational drugs. Heavier environmental fees on big corporations. More lotteries. Something that does NOT put all those scraping by into bankruptcy! Think! Pray! There is a better way!
