

Submitter: Donna Bleiler

On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure: SB1559

I OPPOSE SB 1559

This bill reduces greenhouse gas emissions in Oregon consistent with practices to limit global warming to 1.5 degrees Celsius. We are at 1.1 degrees Celsius above pre-industrial levels now. Capping average global temperature at 1.5 degrees C (equivalent to 2.7 degrees Fahrenheit) isn't really obtainable, and will never happen without complete socialism and extreme hardships on everyone. This will require a tyranny form of government, which seems like the intent of leadership.
