Measure: HJR201

Committee Members,

Do not move forward on this attempt to take more irresponsible control of our tax dollars. The misuse of our taxes and examples of ill gotten monies that have been made public tell us enough. You don't get to take more of our hard earned dollars to make up for your mismanagement. We want to see you cutting taxes and examples of fiscal responsibility, not your finding back door ways to make up for your numerous mistakes.

All Oregonians need to see is the national joke you have allowed Portland to become to know you have no grounds for HJR 201. Your public safety management skills were well illustrated to us already. Portlanders are lucky any law enforcement remains in that town. Cut elsewhere and get back to basics. Do what you have forced so many taxpayers to do in their lives.

NO. A big, loud NO to this proposal.
