

Submitter: Tim Jensen

On Behalf  
Of:

Committee: Senate Committee On Veterans, Emergency Management, Federal  
and World Affairs

Measure: SB1548

The state of Oregon has already shown that citizens PREFER permanent daylight saving time — NOT STANDARD. That bill was passed and approved in 2019. The advantages of extended DST far outweigh those of ST. We will organize in opposition and fight this tooth and nail if it makes it out of committee.
