

Submitter: Barbara Hackley
On Behalf Of: My husband and myself
Committee: House Committee On Rules
Measure: HJR201

Hello,

We have lived in Oregon for three years and are seniors on Social Security. We are considered low income, if you pass this motion for higher taxes, you will lose at least a third of your population along with tax money. More and more seniors are leaving and going to better affordable places in and out of the US. Think about it, do you really want to pressure Oregonian's into this measure.
