

Submitter: Neeky Chernishoff  
On Behalf Of:  
Committee: Senate Committee On Education  
Measure: SB1583

Say no to sb 1583!

Oregon schools already have a decline in enrollment. Parents feel their rights in kids' education being taken away and are therefore resorting to extreme measures such as pulling the kids out of public schools. This bill will even negatively effect prized charter schools in our state.

Keep material choice up to the elected members that our Oregon parents have chosen! Schools have enough struggle on their plate and can't afford losing anymore faith from Oregon's majority.
