

Submitter: Carla Pletka
On Behalf Of:
Committee: House Committee On Rules
Measure: HJR201

To Committee Members,

I am opposed to HB201 and HB 4075. Oregonians are drowning in taxes. Our taxes need to be kept local and not redistributed throughout the state. Out of our site and out of our control.

I am an owner of two businesses. We are seeing the strain on our customer's pocket book not to mention ours trying to work through the constant inflation pressures and business taxes.

I am a property owner. The taxes are killing us!!! It saddens me to think of how many wonderful Oregonians have left the state due to high taxes, regulations and irresponsible spending.

If you need more money for taxes then by all means start cutting spending. I would gladly pay for you to have a session that only focusses on cutting spending.

Earn your keep. Stop spending. Lower taxes! Just say "No."

Thank You,
Carla Pletka
