Measure: SB1583

PLEASE VOTE NO on SB 1583. This bill is worded simply to forbid discrimination against books in schools, but there is more harmful intent disguised in this bill towards book content for children for books that don't belong in schools at all!!! Parents have a right to voice and say what their precious children should be exposed to, not some government officials who conduct these bills without any communication with actual concerned parents. Where is the representation????
