Measure: SB1577

Dear Legislators , Please consider Justices Alito and Thomas dissent here regarding how in 2020 the way states handled the rules on voting procedures has led to such distrust and division in our nation .

And that Trust in our elections comes with being able to Trust that the Legislative process is not opening the door for a corrupted Voter pool for the sake of 1 parties benefit .

The dissenting remarks by Justices Thomas and Alito on pages 25 – 39 regarding 2020 Elections in swing states like Pennsylvania , the Justices said that states mail-in voting past Election day increases potential for Fraud and would NOT have the Time to Adjudicate in time for electoral Count 5 weeks later !!! Petitioners are set-up to Fail with Mail-in Voting Process that Extends past Election Day !!!

So Mail-in Voting that Extends Past Election DAY Should be Challenged at the Federal Level because of the potential increase of fraud that the COURTS Don't Have the TIME to Adjudicate before the Electoral College Count of state Electors !
