On Behalf Of:  
Committee: Senate Committee On Education  
Measure: SB1583

I oppose this measure. It is subjective as anyone can determine if something is discriminatory. This is nothing more than another indoctrination technique. The education system denies doing it. This is a blatant attempt and you know it is wrong. You have taken the billions of dollars spent on "education" and aborted it. This is exactly why private schools are giving children the education they need to be productive members of society, not good little slaves to the democrat party. It's all about votes to you. You could care less about the children and people are waking up to see it. More and more children are going to be pulled from the public school system and you are the reason for it!

Shame on: Senator Frederick, Representative Sanchez, Senator Steiner, Gelser Blouin, Jama, Representative Nelson, Senator Dembrow, Lieber, Patterson, Woods, Representative Bynum, Gamba, Pham H, Ruiz, Valderrama. You are not democrats you are communists. This was taken right from the communist manifesto. STOP THIS BILL AND ANY MORE THAT ALIGN WITH THE COMMUNIST AGENDA!

YOU ARE ALL ABUSING THE SHORT SESSION AND YOUR OATH. YOU ALL SHOULD NEVER BE ALLOWED TO RUN ANOTHER TERM!
