Measure: SB1538

Dear Legislators , please consider what Justices Alito and Thomas wrote in their dissent arguments regarding " Trust in our Election System " . The Safe Guards that secure our elections are founded in our abilities to Verify Independently a Free and Fair Election was Conducted .

" Trust " in the System that Governs Society is the mechanism that maintains all forms of Civility , please consider this as we see in todays society the disfunctions that Division is creating .

The dissenting remarks by Justices Thomas and Alito on pages 25 – 39 regarding 2020 Elections in swing states like Pennsylvania , the Justices said that states mail-in voting past Election day increases potential for Fraud and would NOT have the Time to Adjudicate in time for electoral Count 5 weeks later !!! Petitioners are set-up to Fail with Mail-in Voting Process that Extends past Election Day !!!

So Mail-in Voting that Extends Past Election DAY Should be Challenged at the Federal Level because of the potential increase of fraud that the COURTS Don't Have the TIME to Adjudicate before the Electoral College Count of state Electors !
