Measure: SB1591

I have owned an adult care home for 13 years. I have my home full most of the time and always getting calls from families looking to place their loved ones and they are voicing how no one has any openings. I think this would help the elderly that need extra care that families are not able to give have more options to place in an adult care home. Please pass this bill to increase the amount of rooms available to help these frail elderly that need placement and care. Thank you.
