

Submitter: Rory Everitt

On Behalf
Of:

Committee: Senate Committee On Veterans, Emergency Management, Federal
and World Affairs

Measure: SB1548

I am in strong support of “ditching the switch”. Let’s follow the science for better health. It has the added benefit of helping us appreciate the change of seasons more. In this day and age, we humans would be well served to be more connected to natura rhythms of the world we live in.
