Measure: HJR201

I'm a senior citizen on a limited income, with all of the increases in power, gas, and groceries I cannot afford another tax. Passing another property tax bill will result in my husband and I to lose our home and likely become a member of the homeless community. We both have worked throughout our lives and now it feels as if we are being punished for working and paying taxes for all of these years. It's bad enough that our county property taxes go up yearly but to add another property tax on top it is just ridiculous.
