

Submitter: Roslyn Donald
On Behalf Of: SB1583
Committee: Senate Committee On Education
Measure: SB1583

I support SB1583. Freedom to read is a crucial human right. It enables an educated and informed citizenry, and is a vital component of a functioning democracy. Let parents choose what their children read - don't choose for them. Fight book bans and oppose those who seek to impose their own bigoted viewpoints on schools and libraries.
