(Same text as my wife) This bill is unacceptable and we adamantly oppose! The cost of living in Portland and Statewide is already some of the highest in the country and we pay some of the highest taxes overall. Every other month there seems to be a bill to vote on for an increase in taxes or bond or some secret meeting to decide if our taxes should be increased in some way. Use our money responsibly and quit trying to increase the amount of taxes we pay, stop stealing from us!
