

Submitter: Leland Richey

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB1583

I oppose the passage of SB1583. The bill restricts local school boards from directing curriculum in schools. We must have local control over the curriculum that is taught in our schools. This will also further separate parent control over their children, and prevent their voices from being heard. We must return to educating our children and stop indoctrinating our children. Return to specifically teaching core subjects like Reading, Writing, Math and History.

Thanks for voting no on SB1583
