Submitter: Jennifer Backstrand

On Behalf
        Of:

Committee: Senate Committee On Veterans, Emergency Management, Federal
                and World Affairs

Measure: SB1577

I OPPOSE SB1577. Oregon's data exposures of 2023 and prior have not been addressed properly. I see this opening a door to more non-residents getting registered to vote. This is not fair to allow people who are here illegally to vote or have their names used for fraudulent voting schemes by Democrats. Please VOTE NO.
