

Submitter: Bonnie Swartout

On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire

Measure: SB1590

Please repeal the tow sport regulations imposed in the Newberg pool. While I support environmental measures, it is obvious that the shoreline does not get impacted by wakes from boats in any significant manner. I live near the river, and winter water levels have a FAR greater impact on erosion. Newberg financially benefits from the recreational boaters using the river access, and it is time to repeal the unnecessary legislation.
