

Submitter: Geoff Sinclair

On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire

Measure: SB1590

My family has been boating the waters of the Willamette for as long as i have been alive. We value all water access but have been absolutely floored at the knee jerk laws put in place that don't take into account the effect those laws have had a so many families for the loud, idealistic cravings of so very few. Something that is rational, grounded, easily understood and allows access to all types of use is what our state has over and over again believed in. A good friend of mine owns a restaurant in Cannon Beach called Public Coast Brewing. He celebrates the public enjoyment of all waterways in Oregon and has built a business to educate those visiting and living in our great state. I agree and hope this straight forward, real world bill can pass and return the use of our rivers to all of those families who would like to enjoy it. Thank you.
