

Submitter: Taxpayer1 Constitution  
On Behalf Of:  
Committee: House Committee On Rules  
Measure: HJR201

I am in opposition to this resolution proposing to amend our State Constitution to eliminate the current limits on Property Tax increases; while adding a state wide property tax. This is an open ended money grab, creating a public safety slush fund. Furthermore, this being presented in a time of high inflation where there is much documentation available on the financial stress currently placed on residents. One fact of note presented by the State Homeless Advisory team is that more and more homelessness is a result of the rising cost of rental and homeowner housing! This resolution proposes to increase those costs. Do not waste taxpayer dollars putting this out as a ballot measure.
