

Submitter: Kam Morgan

On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire

Measure: SB1590

I have grown up in the newberg pool for over 18 years. I have lived on the river in wilsonville. The bill that passed a year or 2 ago has severely effected our waterways in multiple ways. The argument that the river is eroding is not supported. I can say on a personal account that the rivers rising water levels during winter months does the significant damage to the shores. The bill that passed seems very one sided from a small group of people.
