

Submitter: Christina Buck

On Behalf
Of:

Committee: Senate Committee On Veterans, Emergency Management, Federal
and World Affairs

Measure: SB1548

I support Oregon not switching to DST each year and remaining, year round, in Pacific Standard Time.

The change to DST each spring and changing back to PST every year is disruptive and unnecessary.

DST doesn't (and never has) done what they claimed it did. It doesn't save any energy.

Changing the time twice a year is dangerous and outdated.

I fully support Oregon not switching to DST each year and remaining, year round, in Pacific Standard Time.

We can no longer rely on Congress to get anything done (they have done nothing with the vote regarding permanent DST), it is time for Oregon to take control with regard to this matter. Please pass SB 1548 and end DST in Oregon!

Thank you.

Christina Buck
