

Submitter: Joni Fischer jones

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR201

Please vote no to lrf 22 to allow state to impose values on property tax and tax it away from local county control. It is a very unfair measure for rural families and low income. It will raise property taxes to an unaffordable amount in an economy that is already struggling for families to make ends meet.

I oppose this bill 100 percent
