Measure: HJR201

JR 201 would remove Constitutional limits on property tax rates (measure 5) and assessment rates (measure 50)! This Should this pass, it will be disastrous! Oregonians already pay higher taxes than most states. It removes current local control over property taxes from counties and cities by allowing new statewide property tax without limits! HR 201 would be a referral ot voters, because that is the only way politicians can remove current Consitutional property tax limits that protect home owners. Seniors, disabled and other limited income Oregonians will be thrown out of their homes as property taxes become limitless! Do you want more homelessness in Oregon?
