

Submitter: Bill Stites

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: HB4067

I am writing in support of House Bill 4067, which establishes a task force for Electric Micromobility.

In order to promote the use of fossil-fuel-free transport, Oregon needs to review and establish current standards and guidelines for use of ebikes, scooters, and other micromobility devices on our streets.

Such a task force would centralize the efforts to increase the use of micromobility vehicles for the benefit of society at large. Please prioritize safety in the context of equity and accessibility for all Oregonians.

Thank you,

Bill Stites
