On Behalf Of: children  
Committee: Senate Committee On Education  
Measure: SB1583

We use discretion every day and in every decision that we make. We don't serve yeast rolls to our gluten-free guests at Thanksgiving. We depend on each other using discretion to preserve decency, dignity, kindness, goodwill, and respect for one another. We are called to be guardians of children. In a world where children and women are being used Indiscriminately as sex slaves, we are called to do everything within our power to prevent and protect them. As a former Pediatric RN,, I am appalled and horrified that in the name of indiscretion, both common sense and prudence are being thrown in the bin. Make no mistake, we will give an account of our lives, and every decision that we make that impacts how we did or didn't protect the innocent.
