Measure: SB1590

I support the repeal of SB1590. The bill was never based on facts but on the feelings one senator. If you want to limit watersports around the bulk of residents along the river I could get behind that. But from 10th st. to the falls is ridiculous. There are only a handful of houseboats and zero shoreline. Open that area back up without restrictions. Make sensible laws not totalitarian laws based in feelings.
