

Submitter: Paulette Wittwer

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB1583

Dear Senate Committee on Education,

I support SB 1583 that prohibits discrimination on what books are available to our children. The bill doesn't take away the influence of parents, but if banning is allowed, it discriminates against students who might choose to read those books. I hope Oregon never becomes a place where we ban books.
