

Submitter: Sarah Norman

On Behalf Of:

Committee: House Committee On Rules

Measure: HB4075

Truly the last thing we need is yet another task force appointed by government for so called public safety while raising our taxes again through a statewide property tax. We the people of Oregon can see that safety is not what Oregon leaders want. That is clear by the horrible measure 110. I cant beleive for one minute that this bill will be any different than any other disaster Oregon Democrats and Republicans put forth & pass. No.
