Measure: HJR201

Oregon has so high tax rate now. We the people cannot afford more taxes.
Do not take away local control of our property tax!!!
Portland already has too much control! Medium households are fast becoming poor.
Don't let Portland rule rural Oregon's property tax.
Do not remove the Constructional limits on our property taxes.
As a senior my 3 bedroom is already over \$4000. a year. On fixed income my
vacation is paying my property taxes.

Stop the insanity!!! Throw away the new plan HJR 201
