

Submitter: Sandy JohaneK
On Behalf Of:
Committee: House Committee On Rules
Measure: HJR201

This will not help the all towns that are struggling and I believe our tax dollars will go to help metropolitan areas. This gives the state roo much control and cause higher taxes we can't afford. Central Oregon has continued to grow in masses, building schools and community buildings .so many job openings that aren't filled. The state should not be in control.
