Dear Senator Gelser and Committee Members,

My name is TEREZA NITA , and I have been an adult foster care provider for over 19 years. I wholeheartedly support SB 1591. Coming from a culture that values caring for the elderly, I love what I do. However, the current economic crises have made it challenging to sustain. That's why I believe SB 1591 is crucial for adult foster homes grappling with economic challenges. It provides an avenue to navigate financial strains and continue our vital care.

Sincerely

Tereza Nita
