

Submitter: James Shannon

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR201

This just another money grabbing attempt by legislators. We pay high taxes in Oregon already. To impose further taxes not voted on or largely in favor of by the hard working citizens of this state is irresponsible and unjustified. We need proper management of the taxes we pay not get forced to pay more to cover a "gap" of liability created by the state. I oppose this and any other one sided attempt to raise my taxes.
