

Submitter: John Karambelas

On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire

Measure: SB1590

I have lived on the upper Willamette for 41 years and have experienced damage to my dock, and bank erosion due to boat wakes. As boats get bigger damage has increased. The 200 foot no wake zone would help if it could be enforced. Most boaters can't even judge 200 ft from shore. In addition to the damage it is difficult to even stand on my dock when subjected to large wakes. This area is too narrow for high wake activity
