

Submitter: Barbara Fuller  
On Behalf Of:  
Committee: Senate Committee On Judiciary  
Measure: SB1576

To the Senate Committee on Judiciary:

On behalf of all Oregonians I am submitting testimony to the Senate Committee on Judiciary urging you to support redefining the definition of “recreational immunity” for local governments or businesses who have suffered lawsuits or may suffer from potential lawsuits from injury on our beaches or trails.

The beaches and trails not only provide recreation, they also are and economic incentive for local businesses who are still struggling from the impact of the Covid pandemic. As well the beaches and trails are an opportunity for “free ” mental health and stress relief for many Oregonians and visitors who can't afford more expensive opportunities

There are other options that could be considered and the Oregon Legislature should take a little time to explore some of those options.

Sincerely  
Barbara Fuller
