

Submitter: John Livingston

On Behalf
Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and
Water

Measure: HB4106

I oppose HB 4106. The timber industry cares nothing about conservation, endangered species and climate change they just want more trees cut. If passed, this bill undermines the state forest plan and would result in more clearcuts, less habitat for salmon and wildlife, and more timber industry lawsuits. Please don't let this bill pass out of committee.
