On Behalf Of: Self and family
Committee: Senate Committee On Finance and Revenue
Measure: SB1593

Dear Members of the Senate Finance & Revenue Committee:

Another gross receipts tax? When are you going to stop bleeding us? Taxing timber receipts means the cost of building houses goes up. Democrats have made affordable housing a priority. What does it take to see the connection? WE'RE TAXED ENOUGH ALREADY! Please vote NO on this bad bill.

Thank you for listening.
