I strongly Oppose,  
Oregonians already pay some of the highest taxes in the country, and we seem to get less and less for our money. This will be very hard on folks who own property, but are on a fixed income. Why do we continue to penalize hard working Oregonians, but reward others who do not? This is an unfair tax on people who have worked hard and been responsible all of their lives. Oregon government needs to live within their means, and make some cuts, instead of raising taxes everywhere they can.  
Respectfully,
