

Submitter: Eric Zimmerman

On Behalf  
Of:

Committee: Senate Committee On Veterans, Emergency Management, Federal  
and World Affairs

Measure: SB1548

I oppose this proposed legislation, and support year-round daylight saving time instead. Here are at the 45th parallel of latitude, the very early time of summer sunrise under this proposed legislation would be wasted. During the rest of the year, evening activities would have to take place much more in the dark. Some of us, like me, have difficulty seeing at night, and this legislation would hamper my access to evening community activities.

Thank you.

Sincerely,

Eric Zimmerman, Portland, Oregon
