Measure: SB1583

I OPPOSE THIS BILL SB1583!

This bill restricts local school boards from directing curriculum in schools. It's a direct attack to protect the gender ideology.

This will further separate parent control over their children, and prevent their voices from being heard. Local communities need to reflect the local communities value's not a disturbing ideology that throws tantrums about having access to children. This is a crime called pedophilia. It needs to be dealt with harshly & not to condition children to accept this as normal.

This bill furthers the intrusion of sexually explicit & gender confusing books into our schools and libraries.

Children shouldn't be exposed to books advocating sex of any kind.
