Hello! I know we need wood for Products and the timber Industry has been LYEING TO US FOREVER! They don't care about JOBS as they are AUTOMATING every operation that requires paying somebody (except their VP's and CEO's) a Family Wage and they keep cutting "timber" that more resembles Christmas Trees (Harvestible Trees are getting smaller and smaller on our local Logging Trucks!) than Useable Timber and if the Industry has not been LYEING ABOUT SUSTAINABILITY WHERE IS THE "NEW" OLD GROWTH?

New OLD GROWTH will never reoccur because of the GREED of the TIMBER CARTEL! You Politicians must think we're all STUPID ENOUGH to believe that Profits for an Industry is a bigger PRIORITY than our GRANDKIDS SURVIVAL! We need to start dealing with reality and not the numbers in a Corporations Bank Account! Or their CEOs!
